Polo Grounds, New York, Oct. 6.—In a ventral parade of pitchers the Giants contrived to edge under the Senators in the third game of the series this afternoon, a belated Washington rally in the ninth inning being nipped by John Watson's rescue pitching. Sparkling play by Fisch saved the Giants on several occasions, the Giant second man three robbing Goslin of base.

It was New York's first presentation of the series of 1924 and a capacity crowd of nearly 50,000 viewed proceedings with satisfaction to relate they cheered for clubs with impartial fervor. Victory gave the Giants the series by two games to one.

Landrum raced far into center field to catch a fly with Rice on first in the fourth then he repeated the performance at Goslin's expense in the fifth.

Young later Frisch went over to first base for Goslin's smash home run. The Giants used four pitchers in the game. Ryan did for a while after relieving McGraw in the fourth but blew wild in the ninth. Harris got a hit in the ninth on a fly ball that Jackson and Wilson allowed to fall at their feet. Goslin and Frisch followed with hits, filling the Whorlton McGraw waved the picture in favor of the latter walked. Bluege in a run and then walked to home at McGraw's suggestion.

Then came on and retired a foul to Lindstrom and Ruel to force Goslin at third in the sixth.

GIANTS TODAY FACE HOME FOLKS AND IT IS A TICKLISH JOB

Many New York Fans Not a Little Sore at the Whole Team Because of the Bribe Incident.

SE' TIMENT DIVIDED

By DAVIS J. WALSH
(I. N. S. Sports Editor.)

New York, Oct. 6.—Unseen hands having moved the scenes overnight, the world's series unravelogue awoke today to find itself at the Polo Grounds N. Y. for the third meeting between the Giants and Senators. It was to be the game that would give one club or the other the edge in victories, their status now being one all and McQuillen and Marberry, gifted right handers, were logical choices to pitch.

Preparations to handle a crowd slightly in excess of 50,000 have been completed by Mr. McGraw's hired hands. Not only was the game of great consequence but the weather was the kind that prompts long-haired gentlemen to seek expression in the pensive muse.

It featured, among other things, the proposition of the Giants facing the home town folks for the first time since the unsavory Dolan-O'Connell scandal was aired on the eve of the series. Fisch, Kelly and Young, local favorites accused of attempted bribery by O'Connell and absolved of a complicity by Judge Landis, were to appear in the Giant lineup, and sentiment was somewhat divided as to how they would be received.

The prevailing idea, however, was that the heat of the series had caused the fans to forget the scandal. It was so, at any rate, during the first and second games at Washington, the first of which went to the Giants and the second to the Senators. At no time during the course of those proceedings were the Giants heckled or disturbed, your Washington fan being a sportsman first and loyal rooster afterward.

And today it was New York's turn to show the players that confidence in the game's integrity was not lacking. A line outside the gates this morning gave promise of the testimonial New York planned for its accused players. It was by no means as large as the crowd that awaited the premier of the series in Washington. A few hundred citizens outlived the night in the dank, chilled sector in the lee of Coogan's Bluff, waiting for the opening of the gates to the general admission seats.

This modest outpouring was not the result of the fact that the Senators have outplayed the Giants in the first two games. It was simply the effect of an overdose of World series baseball in New York. The crowd will be there but it will arrive at its convenience.

The fact that Marberry will pitch may mean another shift in the Giant lineup for today's game. When time is called, the adaptable Kelly probably will be back in center field with Terry on first base, Wilson in left field and Meusel on the bench. That is McGraw's customary rejoinder to right hand pitching on the part of the opposition. The Senators will (Continued On Page Four.)

Travelling In Royal Style 'Bob' La Follette Wages Campaign In New York State Today

WRONG AGAIN

Rochester, N. Y., Oct. 6.—Senator Robert M. La Follette, Independent Presidential candidate opened his transcontinental speaking campaign here today with the flat prediction that he would be elected to the White House.

By KENNETH CLARK
(I. N. S. Staff Correspondent.)
Aboard LaFollette Special enroute to Rochester, Oct. 6.—Into politically battle-scarred New York state, Senator Robert M. LaFollette today carried his independent fight for the presidency.

Transcending all others, LaFollette, in opening his transcontinental speaking tour, declared that "the great issue before the American people is the control of government and industry by private monopoly." To break "the tyrannical power of the monopoly system over government" LaFollette pledged his campaign.

It was this message, that "equality of opportunity proclaimed by the Declaration of Independence has been displaced by special privilege for the few," that LaFollette announced he would carry to the people everywhere, from coast to coast, in his month's speaking campaign.

LaFollette's trip through New York today was a hurried one. After a speech in Rochester tonight his itinerary called for him to depart immediately for Scranton, in the heart of the Pennsylvania coal fields. LaFollette, however, was expected to deliver numerous rear platform talks throughout the journey.

Only eight major speeches thus far have been arranged on LaFollette's tour to the west coast. His managers have not yet been able to agree upon the routing after LaFollette reaches St. Louis on October 14.

LaFollette and his party traveled in two special cars. In the official party were the Senator's two sons, Robert Jr. and Phillip, and Basil Manly, of the Washington Progressive headquarters.

MATERIALISM IS NOT DOMINANT MOTIVE SAYS COOLIDGE

Opening Annual Meeting of Red Cross, Pres. Points to Humanitarian Work of People.

SOME FINE AXIOMS

By GEORGE E. DURNO
(I. N. S. Staff Correspondent)

Washington, Oct. 6.—President Coolidge, formally opened the annual meeting of the American Red Cross here today, paid glowing tribute to that great institution of mercy, declaring its existence to be living proof that "materialism is not the dominant motive of the people of the United States." He, praised the world wide humanitarian work of the Red Cross, and urged the development of civilization along the same unselfish lines.

"The Red Cross idea will develop as mankind develops" the President said. "The ideals underlying civilization are the ideals of brotherly love, of tolerance, of kindness, of charity. Any departure from these is a reversion to a lower nature, to barbarism and darkness. The beauty of life lies in meeting whatever destiny awaits us, trusting one another, helping one another."

GERMAN AND U. S. AIRSHIP MEN EAT IN CELEBRATION OF ZR-3 COMPLETION

Friedrichshafen, Germany, Oct. 6. (INS.)—The greatest airship flight in history will begin Thursday when the giant Zeppelin ZR-3 will start for Lakehurst, N. J., where she will be turned over to the United States Navy. The ZR-3 will be handled by a German crew but will carry a few American officers.

By S. D. WEYER
(I. N. S. Staff Correspondent)

(Copyright, 1924, International News Service)
Friedrichshafen, Germany, Oct. 6.—The last shred of doubt as to the Zeppelin ZR-3 departing for the United States next week was dispelled by speeches made last night at a dinner party given by the Zeppelin company at Kurgarten hotel in honor of the visiting American naval officers. Seventeen guests were present, including a correspondent of International News Service.

This was the first "love feast" of the Germans who constructed the giant of the skies for the Americans and it was put off until both sides were absolutely sure the ZR-3 was in condition to begin her four thousand mile voyage.

"The airship is ready at last—ready to depart for the United States," said Dr. Hugo Eckener, who will command the "queen of the air" until she lands at Lakehurst.

This statement was greeted with cheers from the Americans who, at last, see a long task ended.

Commander Garland Fulton, speaking in behalf of the United States navy, said:

"We are leaving for the United States this coming week."

"I am convinced that the ZR-3 will prove the forerunner of a huge fleet of commercial airships," forecast Captain George W. Steele, U. S. N.

Major F. M. Kennedy, representing the United States army, did not speak, but privately expressed confidence that the trans-Atlantic voyage of the ZR-3 would be safe and successful.

Dr. Eckener described the difficulties first encountered, including the difference in language between the German builders and the American officers who were sent here to observe the work.

"However, it was a good thing we could not understand each other for in this way many a muttered swear word and sigh went unnoticed," declared Dr. Eckener amidst hearty laughter from his listeners.

Dr. Eckener spoke in a humorous vein. Touching upon the delays, he said:

"At one time it looked as though members of the American colony in Friedrichshafen who had come over newly weds might return to the United States as grandfathers."

Dr. Eckener was alluding to the fact that several American babies were born while the fathers were waiting completion of the dirigible.

Dr. Eckener eloquently praised the tact and courtesy of the American officers which enabled cordial efficacious cooperation. He proposed a toast to the Americans which was drunk.

Commander Fulton returned the compliment, praising the German experts whose long experience, he said, would be valuable in building up the American airship industry in the future.

BOARDMAN POSTOFFICE SAFE BLOWN BY YEGGS AT AN EARLY HOUR TODAY; ROBBERS GOT NEARLY \$400 IN LOOT

The post office at Boardman was about 10 o'clock to extinguish them robbed Sunday night, a party of automobile bandits descending upon the little mining town in the evening and causing about until the good people had retired, forced an entrance to the post office and blew open the safe with nitroglycerine. They secured, according to Postmaster Whitney, about \$400 in money, checks, money orders and stamps and departed as quietly as they had come.

It is thought that one of the robbers at least was familiar with the place and knew all about the location of the post office. This view is held by Rev. Leith, pastor of the Boardman Presbyterian Church, who saw and talked with the robbers. The lights in the church had been left burning following last night's service and Rev. "THE JOLLY JESTER" FROM HEALTHLAND COMING THIS WAY

Ride-a-cock Horse To Health and Joy; Follow me, Every Girl and Boy! This advice is given to the boys and girls of this county by the Jolly Jester, a health clown, who will appear in Clearfield, at the Driggs Theatre on Saturday, Oct. 11th, morning performance at 10:30, afternoon at 3:00.

The Jolly Jester is a magic figure, dressed in a strange costume, who teaches health to children—delightfully, unforgettably. He comes riding his hobby horse straight from Healthland into your very school. The children treasure his coming in their memory of memories. It is a gala day.

The Jolly Jester makes things live and talk. His hobby horse discusses the value of oatmeal. Minnie Spinach and Charlie Carrot, two amusingly devised dolls, talk on the use of vegetables. From the fields comes the call of the cows inviting the children to drink milk. A cackling hen urges children to eat eggs. Coffee and Tea force their entrance but are banished successfully. Harry, a precocious ventriloquist doll, appears, dressed exactly like the Jolly Jester himself, in immaculate white. Harry reviews the entire health talk with inimitable wit.

The children of the schools will remember always this 45 minute entertainment; its gay songs, its miracle fiddle, its talking fruits and vegetables and animals. But, most of all, they will remember vividly the health habits taught by the Jolly Jester.

Yes, and he is going to be at a lot of other places too. Look at the following schedule and see when he is in your town.

C. H. S. IN PREMIER LEAGUE SCRIMMAGE MANHANDLES PUNXY

Wilson's Speed, Donald Thurston's Beef and Barnie's Agility Are Greek to Groundhogs.

A STIRRING FINISH

Coming from behind in the final period Clearfield High's grid machine by a great spurt defeated Punxy High 26 to 14 here Saturday.

For the first two periods Punxy was too good for the House of Reed boys but in the two final frames the locals stepped on the gas and grabbed the honors. The visitors played great football in the first two periods, too! advantage of all Clearfield's misplays and put them together for their own benefit. But as the game continued the visitors' playing slowly declined until it hit bottom with a thud. About three Clearfield players were in every play but the team did not seem to awaken until the time Punxy had scored enough points to win a game.

The game was very loose through and at all times erratic playing was seen. Fumbling was as frequent as good tackling, while poor playing was often seen, especially with the Wilson team, tackles were easily missed and what were made lacked "stoppingness" as the enemy backs would be hit just enough to stop them a second or two unless Thurston or Barnie hit them.

In the third and fourth quarters the local team redeemed itself to a certain extent and good playing was the result.

Don Thurston, Clearfield High's 6 foot 2 inch 230 pound tackle did the damage to the defeated eleven. Don was in every play he could get in and he tried to get in all which he nearly did, although the visiting backs were away below his husband. The big fellow did the kick-off act for Clearfield in finest style, his kicks traveling 60, 60, 60, 60, for yardage. The visitor's low and short passes were meat for him too as he broke up several, one of which had six points labeled on it. The right side of the line, Dale, Thurston and Johnson, was as tough as an election cigar to the Punxy backs and they showed it their respect by staying away. While Thurston held their goats Capt. "Bob" Wilson slipped the skids under Punxy and fixed their clocks by smashing his way for three touchdowns. On three trips to the plate Wilson ran thru the enemy secondary defense in

ODDS AND ENDS AND THINGS

By J. D. C.

That Clearfield county is a healthy place in which to live is the opinion of Reuben Straw of Jordan township. Mr. Straw, who was an interested spectator at criminal court last week while the guest of his son, H. H. Straw, Mr. Straw said he was a juror in the Clearfield county court in 1864 or just sixty years ago. Judge Mayer was on the bench and of the attorneys practicing law here then, not a single one remains in the land of the living. Mr. Straw is four score and two years old.

Game Keeper Rearick was in town Saturday and told a good story on a couple of local men (connected with the Clearfield schools) who hunt deer, small game and two pairs, occasionally out at the well-nigh bloodless Gordon Camp. Rearick says that last year these mighty hunters were engaged in hunting deer. Finally a deer jumped up in front of them and both fired. The deer ran a few hundred feet and toppled over. When the hunters got up to their fallen quarry, with the long-legged fellow ahead, a little three inch spike was protruding from the side of the head exposed to the hunters.

The first fellow up is said to have remarked: "Well, G—, you hit him alright, but that spike is too short." A glance showed G— that the other fellow was right so far as the spike was concerned, and he immediately sought an alibi with the statement: "Nope, A—, not me; I shot at him from the other side."

Then forming an offensive and defensive alliance the guilty hunters only but quickly faded from the scene.

Some ten days later the Game Keeper approached the spot, followed the tracks of the hunters up to within ten feet of their kill, turned the buck's head over and found "two points" (making the buck a legal deer) on the horn which was buried in the snow when the hunters approached, and then left their deer where it had fallen. Verily, "the guilty flee when no man pursueth." Rearick saved the end of the "fired prong" and took it with him as a relic and told us the story confidently on Saturday when we saw the horn and asked him where he got it.

TRINITY CHURCH ITEMS

Yesterday brought out a goodly attendance at the church school; 462 reported, and the missionary offering came to \$103.42. Both records indicated solid increases. The missionary program interpreted the religious spirit of the Negro by his spiritual songs. About them Mrs. Henry Rhine made selections were sung by Mrs. Samuel Keith Davis. Mr. Davis rendered a recent "spiritual" with his violin. Unusual interest was given the lesson, "Christ's Selection of the Twelve."

The congregation of the morning worship, with many strangers, had a feast of good things in music, the organ and choir presenting their respective parts in soulful fashion, which was a definite spiritual contribution to the worship. The core of the exposition of Colossians 1:15-19 was on this—"That in all He might have the preeminence." This was treated far from the customary interpretation. The primacy of Jesus was examined in what it was so far as what was inherent in Him and what He acquired. Then the preacher sought to have that primacy recognized and obeyed by intercession, by the factors of personality and the use of emotions. The altar was beautifully decorated with flowers, the red and white basket-piece was memorial to Russell Flegal, who "fell" in France six years ago on October 6th.

At night the second exposition of the series that present the offices of Jesus—His Priesthood, from Hebrews 2:17—"A merciful and faithful high priest in all things pertaining to God, to make reconciliation for the sins of the people."

METHODIST GROUP CONFERENCE

Is holding today in Trinity Church. Two sessions, morning and afternoon, with District Superintendent E. A. Pyles in charge. Interpersed with business was the discussion of vital subjects by specialists who treated "Building the Sunday School," "Importance and Methods of Every Member's Service," "Why Evangelism," "The Minister in His Study," and "World Service Program and Councils." These meetings were entirely open sessions.

At 6:15 tonight the luncheon will be held at Jordan's, who is to furnish one of his special dinners. This is for all who care to enjoy a goodly evening, but the special group of folks will be Sunday school officers and workers from all over this group territory. The after dinner speeches will be devoted to intensive teaching and managing schools for the 100 per cent standard, and the need of standard training schools for teachers and leaders, one of which will be held in Trinity Church 26th-31st, night sessions.

At 7:45 a mass meeting follows in Trinity, one feature to be a pageant, and then an address by Rev. E. C. Keboch, conference director of religious education. Rev. M. S. Q. Mellott will stress the young people's work.

To these meetings the public is invited.

Dr. and Mrs. Ward O. Wilson left yesterday for Reading and Philadelphia, to attend the Pennsylvania State Medical Meeting, which convenes in Reading all of this week.

DUMPING THINGS ON SCHOOLS

People who have criticized the public schools of this country for "undertaking too much" and "squandering their time on non-essentials instead of sticking to essentials" are invited to consider this statement from a prominent educator:

"The schools have been swamped with all manner of campaigns—anti-fly, clean teeth, drink-more-milk, anti-mosquito, clean-up, thrift, safety, patriotism. Using the schools to avoid the hard work of putting over your bright ideas as to the improvement of the community is a great mistake. Dumping responsibility on the schools is a very different thing from inviting it to co-operate. Altogether too much effort has been spent on getting the schools to take over tasks which the adult portion of society was too lazy to perform."

There is more truth in this than many parents and public officials will like to admit.

As society develops and raises its educational standards, there is a natural desire that children should take on more knowledge, to fit them for the new world they are living in. It may be natural, too, to dump the responsibility for the additional instruction upon the schools. They are there, and they are supported by taxes, and it is their business to teach. But it is hard on the schools. They cannot do everything.

It is the business of parents to teach, too. It is also the business of the press and of private organizations of many kinds. The schools nearly always do the best they can. So does the press. Both are overburdened. What is needed is all-round co-operation in this educational business, and especially a greater contribution from parents, in the way of teaching their own children.

SHRUBS FOR SCHOOL YARDS

How many rural schools are set in attractive surroundings? Too few, if one judges by those to be seen from highways and railroad trains in almost any part of the country. A plain little building, set in still plainer grounds, is the usual rule. A fence and a big square yard are supposed to suffice for background and foreground.

A county superintendent in one state, who sees "no reason why a school ground should look unsightly when a little planting will work wonders", proposes to do something about it in his own county, and thereby to set a glorious example to other counties and other states.

In the first place she expects to plant shrubs where they will be most effective artistically. This is not to be an expensive operation, either, for she plans to secure her shrubs and small trees from farmers close at hand. The pupils themselves will help with the planting and care of these school yard adornments, under competent instruction.

And thereby hangs another phase of this woman's plan. Beautifying the school yard will add to local interest in the school. Pupils will learn a little something about that sort of planting and yard decorating. Community spirit will be aroused by the simple matter of setting out attractive shrubs in the school yard.

THE BUSY MAN'S NEWSPAPER

In the Courts

Charles Wright, of Mahaffey, was convicted of violating the liquor law on Saturday afternoon, his case bringing to a close the September term of criminal court. Judge Chase promptly sentenced Wright to pay \$400 fine and costs and serve four months in jail.

Joseph Winkoski, of Coalport, guilty of possessing and transporting liquor, was sentenced Saturday afternoon to pay \$200 fine and costs. He only had \$170 with him, but was given a week's time in which to dig up the other \$50 or \$60.

Joe Toney, of Clearfield, was sentenced to pay \$100 fine and costs for driving a motor vehicle during the time his license to drive was suspended.

Tony Matulis, of DuBois, was given a nolle proes in criminal court Saturday afternoon. A barrel of mash was found in a pig pen near Tony's home at DuBois by the state cops recently. Tony happened to live near the pig pen than anybody else and was arrested as the owner of the mash. He was defended Saturday by Bell & Freckbank, who asked that a nolle proes be granted in the case because the witnesses for the Commonwealth failed to fasten ownership on the defendant. It was granted by Judge Chase.

The last week of September term civil court opened this morning with two courts working. Judge Samuel Lemon Reed, of Cambria county, is assisting Judge Chase. Judge Reed is no stranger to Clearfield, he having assisted Judge Bell once or twice previously to Judge Chase's elevation to the Bench.

The first case called this morning was that of Warren Charles vs Clearfield county. The State road or Lakes to the Sea Highway, passes through Mr. Charles' farm in Bloom township. The owner of the property and the County Commissioners could not agree on the amount of damages due the former for right of way through his farm and the case was put up to a board of viewers. Mr. Charles refused to accept the award of the viewers and appealed the case to court. A jury was called and sworn this morning and was then taken to the Charles farm in one of the Edwards motor buses in order that they might view the damage to the property by the building of the road.

John Waznak, who was arrested by Constable Irvin Moore, of Curwensville, for manufacturing and possessing liquor, entered a plea of guilty first thing this morning. There was no evidence of sales, regardless of the fact that a search warrant had been issued to search a private residence, and Judge Chase sentenced him to pay \$200 fine and costs and serve 10 days in jail.

Jacob Bartlebaugh, of near Mahaffey, was also sentenced Saturday to pay \$200 fine and serve 20 days in jail on his plea of guilty to violating the liquor law.

LUTHERAN CHURCH NOTES

All the services were well attended yesterday at St. John's. The Sunday school hour found new faces in different classes and a helpful study period was enjoyed by all present. At the morning hour of worship seven members were added to the church. The Holy Communion was administered to a large congregation. The pastors' heart was made to rejoice when he saw the goodly number who realize and appreciate the importance of the Sacrament in their lives. They want to keep their record clean, so that when the Book of Life shall be opened, it shall not there be recorded that they have spurned the blessed offer our Saviour has made to those who worthily receive the Sacrament. At the evening hour the message centered around the theme "Following Christ Fully," showing how many follow as did Peter, after off. Others walking on the World's border, fail to obey God's command and like Lot's wife become petrified in sin and lost to God. Next Sunday will be Rally Day in the Sunday School and all are urged to help make this a real Rally to the Cause of Christ.

MRS. SMITH WAS LISTENING IN

By FLORENCE DAVIES

When Lieutenant Lowell Smith got back to America after his round the world flight, he stepped to the radio and took a chance on his mother listening in. "Hello folks," he said over the radio, and then in a flash he added, "Mother, I'm glad to be home."

He was hoping that out on the Pacific coast his mother might happen to be listening in, and she was.

It was only a chance, to be sure, that Mrs. Smith might be properly tuned in and that she actually heard the radio message.

But in another way Lieutenant Smith didn't really take much of a chance. For mothers are listening most of the time, and they don't need a radio set to do it with either. In fact, listening in on their children's sorrows and joys, hopes and hurts, is about the best thing that mothers do.

Long before the radio was invented or even thought of, mothers had an uncanny way of listening in. To be sure, they couldn't tell just what a son or daughter was saying three thousand miles away, but they listened in just the same and were just as

sure to catch that silent but not the less sure message of sympathy, which can be carried half way around the world in thought and love.

It would be interesting to know just how vast has been the reach, how strong the influence of these particular thought waves. No one will ever know how many grown men and women have been steadied, how many hearts have been healed, how many right decisions have been made, because some where, just as surely as if she had a radio-phonograph at her ear, some one has known that a mother was listening in.

They have a way of following us in their hearts, these real mothers who have managed to survive even this modern age of mutual independence for parents and children.

And say what you will about independence of the young and mothers who have careers and all the rest of it, that's the kind of mothers that the world needs, and that even the young grown ups need. Mothers who, where ever we are, and in whatever state of success or failure, good fortune or disgrace, loneliness or happy achievement will always be, in their hearts at least, listening in on all that touch us.

present the same array that reeled off six double plays in the two games played to date.

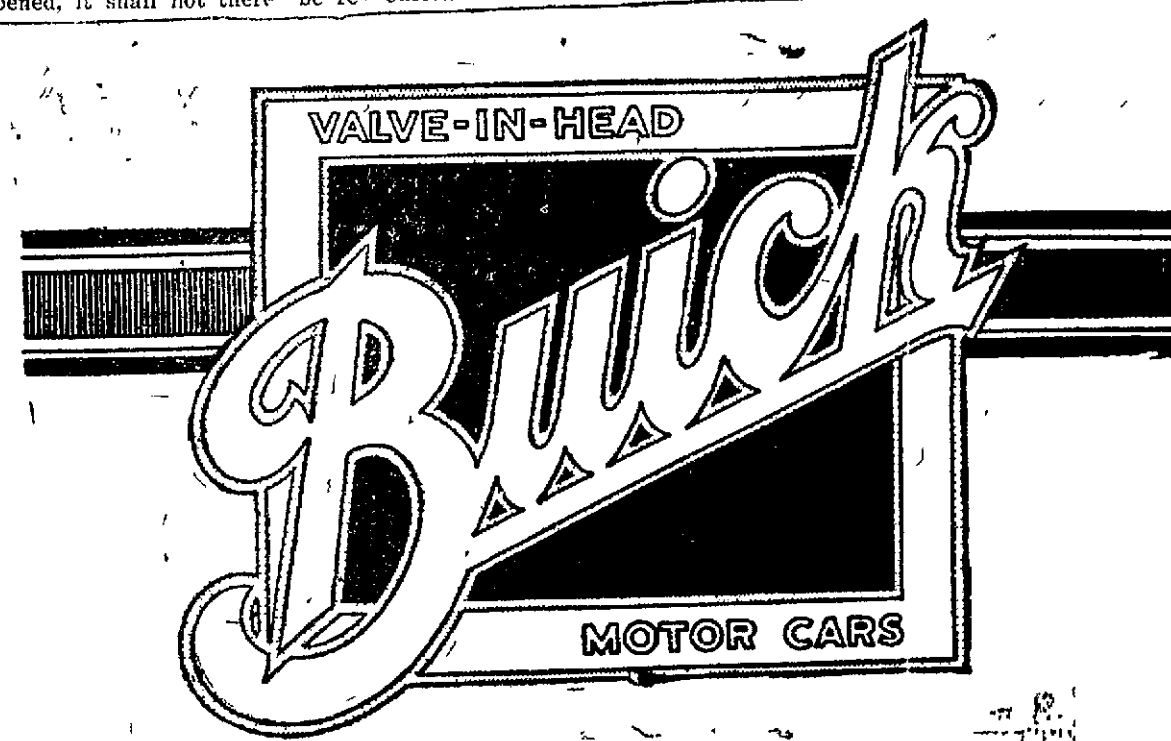

Betting on the outcome of the series had the Senators listed as a six to five favorite but speculation of this kind was not altogether active today. Thousands of dollars were bet in the financial district before the series began, however.

Recorded that they have spurned the blessed offer our Saviour has made to those who worthily receive the Sacrament. At the evening hour the message centered around the theme "Following Christ Fully," showing how many follow as did Peter, after off. Others walking on the World's border, fail to obey God's command and like Lot's wife become petrified in sin and lost to God. Next Sunday will be Rally Day in the Sunday School and all are urged to help make this a real Rally to the Cause of Christ.

Mrs. Louis Williams left today for Detroit, where she expects to join her husband and make her future home.

H. S. MANHANDLES PUNXY

(Continued from Page One.)

such a way as to make them look foolish. He led his team like a veteran and used his noodle at all times picking out his holes and sidestepping his way to the scores.

Much encouragement was also had from the way several second stringers carried themselves, showing that the Red and Black team also has much reserve strength to rely on. Rowles and McClure when sent in proved to be regular honest-to-goodness fighters when they tackled a runner, especially McClure who has been kept off the varsity lately by an injured wrist. Betts, after hitting his stride also played a good defensive game but he didn't have many chances.

For the visitors "Fipso" Zedick played a whale of a game, the size captain was all over the field playing a great roving defense game yet not excelling so much on the offense. "Mickey" Hartman also displayed good wares and was the brains of the crew, calling plays in fine style and getting the longest run of the game, 63 yards. Punxy had a well balanced team, a heavy well built line and a light backfield that was all modelled on speed lines. At the opening of the game they showed interference that Clearfield could not fathom but when the Wilson team got going the interference flattered.

Punxy suffered from injuries when Ben Friedman had his shoulder injured, when tackled by Mitchellree, Friedman hit pretty hard and although playing several more plays he had to leave the game due to it. Hughes and Davis received bad bumps too, Hughes getting hurt in the opening minutes and Davis in the closing minutes. In both cases just a bump caused a reign of dizziness but they are both feeling a right today.

The Red and Black boys started the game with one varsity player in wraps and one on the bench but that was not the reason Punxy got such a takeoff. Zedick won the toss and elected to receive. Thurston kicked to Hartman on the 3 yard line, Mickey brought it back 16 yards but his team was soon forced to punt. They held the local team and forced them to punt on another exchange. Punxy got the ball on a Clearfield fumble and on their second play Hartman unworked a 63 yard run. Right away the C. H. S. goal was threatened, but Thurston and Dale turned them back and Clearfield took the ball only to lose it by fumbling and have Punxy score soon. Kurtz scoring the touchdown and Hartman the seventh point with a placement which ended the thrills of the first period.

Right off the second period became eventful, beginning with Clearfield taking the ball to the 1-foot line where a fuke kept them from scoring. Kurtz pointed from behind his own goal line only to have it taken across about a minute later by "Bob" Wilson with Mitchellree tying it at 7-7 with a drop kick. Thurston again kicked and after holding Punxy punt to the local 10 he promptly fumbled, and Curry, a visiting terminal, scooped it up and galloped 57 yards for his team's last touchdown while Hartman tallied the 14 to 7. Then all activities ceased this inning.

Both teams fought out their corner and began laying plans for the final round. Coach Smith corralled some of his team play and made his team encourage talk, while Coach R. B. gave his team a good injection and eye opener which put the third in demand.

Zedick started the third period fireworks by kicking off and before long Wilson had shipped thru the Punxy backfield for a second score. The attempted dropkick by Mitchellree failed to ascend and hit his own line. This ended the scoring and about two minutes of the first period when this game was on the backfield for the same number of points as before. On this trip Barney made good with a pass to Mohney for the point as the count stood 19 to 14. Thurston then kicked to the enemy on their 5-yard line, 5 yards back of the goal. Punxy took the ball on their own 20 but they did not get far before Barney grabbed a Punxy pass and took it to the visitor's 41-yard line but by a like exchange lost the ball after one play. A Punxy pass was intercepted by Mitchellree who ran it back to the Punxy 10-yard line where Clearfield began a live busting attack that found Barney scoring the last points as his try for a kick went low.

The crowd was big but what there was, was very good in spirit and seemed to possess a lot of vocal energy which was expended in very good spirit. The High School students were there strong but their cheering

was not so strong as it usually is.

THE FIRST GAME OF WORLD SERIES WENT 12 INNINGS TO GIANT VICTORY

Griffith Stadium, Washington, Oct. 4. (INS)—In spite of the fact that Walter Johnson's worthy right arm was wafting them plate-ward for the first time in world's series history the New York Giants got the decision over the Washington Senators this afternoon in a 12 inning premier of the great post season classic. Score 4 to 3. Home runs by Kelly and Terry into the conveniently adjacent left field bleachers and Young's pinch single to center with the bases filled in the twelfth followed by Kelly's sacrifice fly decided the issue.

But the Senators accepted defeat only after tying the score with a sensational rally in the ninth, Bluege's infield scratch being followed by Peckinpaugh's double to left center on the hit and run play. It took five minutes to clear the field of flying cushions and wild-eyed fans as Bluege crossed the plate with the tying run. The remaining Senatorial tally was furnished by McNeely's double and successive infield outs in the sixth and Harris's single in the twelfth after Jackson had staked Shirley to two bases on a rank muff.

Subsequently Rice singled to center, sending Harris to third. But Rice was nipped trying to move up on Southworth's fumble and then with the tying run tearing toward the plate Kelly retired Goslin on a close play at first.

MATERIALISM NOT DOMINANT MOTIVE

(Continued from Page One.)

Brotherly love, Mr. Coolidge uttered what might be taken as an admonition to war torn Europe in its present period of chaos and mistrust. "One of the great needs, confronting civilization is just this kind of practical idealism, sensitive to duty, alert and ready to make the sacrifice necessary to relieve suffering and pave the way to a return of normal and happier things," he said, adding that America had manifested its unselfish sympathy during the Japanese earthquake when an appeal for \$5,000,000 for aid brought in over \$11,000,000.

The President touched upon the great need of universal peace, and ventured the opinion that, with the fear of further war effectively banished, a "very great part" of the need for such organizations as the Red Cross would vanish.

"It is hard to avoid temptation to speculate on the possible services of our humane and charitable agencies if they did not have to bear any of the burdens that are imposed by war," he said. "In a truly civilized world where the costs of armament of pensions, of fortifications, were not required to be borne; where neither the spiritual nor the physical suffering which war involves were inflicted; where resources could be used to promote not to destroy happiness—in such a world what mighty works could be accomplished under the leadership of the Red Cross spirit; poverty, ignorance, prejudice and all uncharitableness might be completely relieved and remedied."

In the course of his remarks, President Coolidge furnished the Red Cross with a number of axioms that could well be used in future drives for membership or contributions. These included such statements as: "It is about the only organization I have known that does any good by 'looking for trouble'."

"The spirit of sacrifice can never be demobilized."

"We keep only what we give."

"The Red Cross does not try to prevent earthquakes, or to convince active volcanoes of the error of their ways—but it has a definite, comprehensive and intensely practical program of helping those who need help, when they need it, and where they need it."

WAS FORMER RESIDENT

Mr. and Mrs. Luther Krebs, of Salt Lake City, motored East this summer after being away for the past 35 years. They stopped at Yellowstone Park, Duluth, and Chicago, finally arriving at Mr. Krebs' boyhood home in Centre county. From there, accompanied by Mrs. Reed of Pine Grove, they drove to Clearfield, to visit Mrs. D. L. Krebs, spending a week here.

Mr. Krebs is a nephew of the late Judge D. L. Krebs and brother of the late Ira Krebs. He was here when the New York Central railroad was built up the river and was the civil engineer on that line. He has been very successful in the west, having been city engineer of Salt Lake City for a number of years.

"Cory" Dolan Long Go To Polo Grounds Must Forego Pleasure

New York, Oct. 6 (INS).—In a New York today there was no one who wished more to go to the third world's series game this afternoon or who stood less chance of doing so than Cory Dolan, Giant coach put out of baseball by Jimmy O'Connell after the latter's attempt to bribe Heinie Sand of the Phillies "to throw" a game.

Cory, still rooting for the Giants, although he and O'Connell contend they made them the "goats" in the Landis investigation, had no ticket. With his wife, who believes him guilty, Cory planned to keep abreast of the third game as they have done with the first two—over the radio.

From the window of their apartment at 3800 Broadway, near the Polo Grounds, they watched crowds file past this afternoon. Dolan still was excited over the first two games and praised some of his teammates for their clever plays.

The former coach still hoped to prove that he was not in on O'Connell's bribery attempt. He said he would try today to see Commissioner Landis and ask for a rehearing.

Chief among the reasons he will advance, he said, was one that, when being questioned by Landis, he did not know that his eligibility was involved, or he would have tried more to defend himself.

Dolan contends that he was disqualified on the uncorroborated testimony of O'Connell, while Frank Frisch, Pep Young and George Kelly, all Giant players, were exonerated by that same testimony.

"SIMON CALLED PETER" ...

Which William A. Brady brings to the Driggs Theatre, Tuesday, Oct. 7, is a dramatization of Robert Kibbe's novel of the same title by Jules Eckert Goodman and Edward Knoblock.

It deals with the story of Peter Graham, Church of England minister, who goes to France as a British war parde. He leaves London and his fiancée, happy to think that at last his work is going to bring him closer to his brothers in life. He meets disillusionment after disillusionment, for he suddenly finds that he himself does not know what the Tommies want to know and that before he could reach their sordid souls, to bring a greater realization of his God to them, he must know something of the life that they lived. It is Peter's search for "knowledge of this life that Simon Called Peter deals with. He finds that he must go down among the publicans and sinners to find his own soul—but instead of publicans and sinners, he finds Julie, a red cross nurse, whom he begins to love more than he does his God. To Julie, too, Peter means all and it is this theme that the play "Simon Called Peter" is based upon.

There will be many well known names in the capable cast personally selected by Mr. Brady which will include Noel Tearle (cousin of Conway Tearle of screen fame) Catherine Willard, June Webster, Wilfred Jessop, Barlowe Boreland, and many others.

Holmes Transfer and Storage

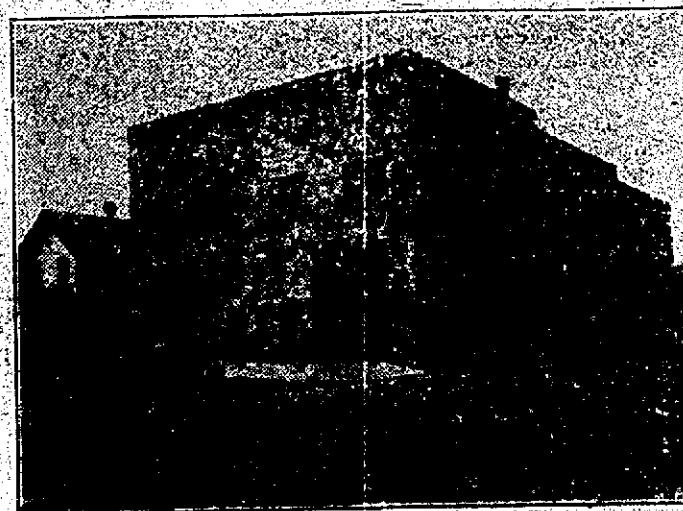

The Holmes Transfer & Storage is a continuation of the draying business organized by W. Banks Holmes more than 40 years ago and conducted by him until 1915 when his son Wm. B. Holmes, Jr., acquired all the business excepting the baggage transfer, which branch Banks is actively engaged in yet today.

Under the present management the Holmes were the first to introduce the twenty-foot stake wagon for the moving of household goods and in 1915 motorized their equipment by the purchase of the first and largest motor truck in this and many of the surrounding counties used exclusively for the moving of household goods and merchandise both locally and long distance. Always being progressive and up-to-date, the Holmes Transfer & Storage were the first to provide piano vans, furniture pads and in fact all the latest and the safe handling of your furniture, and in addition we believe the only like company in this section that insures every load hauled while in transit.

In 1923 the Holmes Transfer & Storage built a new storage warehouse for the storing of furniture and merchandise at the corner of Merrill and William Streets, the building being constructed of brick and steel measuring 50 by 100 feet, two stories high, which is the equal of most storage warehouses in the larger cities.

Our fleet of G. M. C. motor trucks are equipped with large bodies 14 feet long and 6 feet wide.

The public is invited to inspect our new building and equipment, **FREE**.

Why It Will Pay You to Trade In Clearfield

Every dollar you send out of Clearfield is robbing our city of a part of its resources. Every dollar you exchange here thru business channels adds to our city's wealth. Which are you doing—Building or Robbing?

We want a live town so now let's all get together and make Clearfield a Liveone. We all realize the consequences of poor business, stagnation in commercial affairs, depreciation of real estate values, low wages, etc.

What we want is plenty of business, money in circulation, a live interest in the building of houses, the sale of lots and acre property, a genuine, healthy condition of business in general in Clearfield.

HOW SHALL WE ACCOMPLISH THIS?

The easiest thing in the world—all we have to do is to keep our money in circulation right here among our own people. By doing this we will create our own prosperous conditions.

The Clearfield merchants, to a very large extent, make this a good town. The taxes paid by our business men are the principal support of our schools and churches. It is the taxes paid by Clearfield merchants that pay for the local improvements, for the street lighting, for fire protection and for all other community privileges and protection. So it behooves us in turn to patronize our Clearfield merchants. That is logical. The interests of local storekeepers,

Beginning To-day Congoleum Week

October 6 to 11 only

A Six-Day Sale of America's Most Popular Floor-Covering

For the first time in two years, genuine nationally-advertised *Gold-Seal* Congoleum Rugs, By-the-Yard and Rug-Border are now offered at special bargain prices. Unlike sales that feature cut prices on left-overs at the end of the season, Congoleum Week gives every woman the opportunity to beautify her floors at the lowest possible cost just at the time when she is putting her home in order for the winter.

Instead of putting down the same old rugs and carpets after everything else has been cleaned and looks like new, a few dollars spent now for *Gold-Seal* Congoleum Rugs will do wonders in brightening up the home.

One of the greatest charms of *Gold-Seal* Congoleum Rugs—the warmth and artistry of their color schemes—cannot be appreciated from this advertisement. You must see them to realize how beautiful your floors can be made at such small cost.

Beautiful—Durable—Easily Cleaned

A delightful note of brightness and color is introduced into the home by Congoleum Rugs. Beautiful to begin with, the unusually durable surface resists the hardest wear.

These popular rugs banish the tiresome beating and sweeping necessary with old-fashioned, woven floor-coverings. One minute with a damp mop and the rich, artistic patterns of Congoleum Rugs are revealed in their full beauty—cleaned as easily as highly glazed tiles.

Designs for Every Room

There are appropriate Congoleum patterns for every room, for every manner of taste, for every color scheme. There are warm-toned designs to enrich the appearance of dining and living-rooms; exquisite floral patterns to give fresh beauty to bedrooms and neat conventional reproductions for kitchen, pantry and bathroom.

Waterproof and Stain-Proof

Gold-Seal Congoleum Rugs are made in one strong, seamless piece. They are absolutely unaffected by water. They will not fray along the edges. Spilled liquids cannot stain and dirt cannot penetrate their smooth, sanitary surface.

No Fastening Required

Gold-Seal Congoleum Rugs lie absolutely flat without fastening. They won't wrinkle or kick up; they never curl at the edges.

Genuine, Guaranteed Goods

All the *Gold-Seal* Congoleum offered in this sale is fresh, new goods. All of it carries the famous Gold Seal pledge of "Satisfaction Guaranteed or Your Money Back." For your own protection, remember there is only one "Congoleum" and it is identified by the Gold Seal pasted on the face of every pattern.

Gold-Seal Congoleum By-the-Yard

The same material as Congoleum Rugs, and made in tasteful unbordered designs for use over the entire floor.

Gold-Seal Congoleum Rug-Border

If it is desired to cover the floor space between a large centre rug and the walls, there is Congoleum Rug-Border in realistic reproductions of hardwood flooring.

Don't Miss This Opportunity

Wherever you may live—you will find a Congoleum dealer near you. He will be glad to show you the many beautiful patterns. Don't delay. Reduced prices are in effect this week only.

Curwensville's Own Column

Today at 10:30 o'clock, William Norris of Pike township and Miss Ohio Irwin of Chestnut Ridge were quietly united in matrimony at the Methodist parsonage by Rev. Dr. J. V. Adams, pastor of that church. Immediately after the ceremony the newly weds went to the home of the bride's parents, Mr. and Mrs. James Irwin at the farm home where a sumptuous wedding dinner was partaken of, after which the bride and groom departed, for a week's auto tour in the eastern part of the state. On the return home the young couple will go to housekeeping in the Benet home, Nantua, where they will be pleased to welcome their host of young friends.

Mr. and Mrs. Howard Hopwood, former residents of Curwensville, now at Howard, were visitors over the Sabbath in the home of Mr. and Mrs. J. M. McKinley, State street. Mr. Hopwood is a brother of Mrs. McKin-

ley, and during his residence here was connected with the Crescent refractory brick plant. Their many old Curwensville friends were, as usual, glad to see them again.

Harry Shaffer, employed as a chef at Joe Langan's Corning, N. Y. hotel, spent several days with his parents, Mr. and Mrs. Ira Shaffer, East George street. Mr. Shaffer's 17th grandchild, also a member of that household for several days.

Vic Grande, who has been working at Akron, Ohio, for several months past, is home for a short visit with his folks.

The Curwensville High School football team was defeated Saturday afternoon on the home field by Phillipsburg High, 12 to 3. Next Saturday Mahaffey boys come here, and C. H. S. expects to make a better showing on the field than was displayed in Saturday's game.

Miss May Mallon, who has been spending some time in this vicinity with relatives, returned to Washington, D. C., last Saturday.

Bethesda Lodge I. O. O. F. elected the following officers for the ensuing

term: N. G. Allen, president; V. C. Wm. Moore, secretary; H. S. Brown, treasurer; John A. Dale, trustee; A. G. Woodward, The installation services will be held next Friday evening in the lodge room.

Mrs. Maude Fride and Carl Olson of this place, were united in marriage on Wednesday, Oct. 1st, the ceremony being performed in Hollidaysburg. They will reside in Curwensville.

Mrs. John Watts, living on the S. C. Watts farm near town, is reported as being rather seriously ill at the present time.

Miss Lucy Spencer, who was injured by an auto some weeks ago, is not recovering as rapidly as her friends would wish. She has suffered a relapse and was brought to the home of her sister, Mrs. Frank Wise, from the Rowles hospital a few days ago.

Miss Jennie Viberg has returned from a business trip to Philadelphia.

PRESBYTERIAN CHURCH NOTES

The morning message at the Presbyterian church yesterday was on the theme, "And He Went His Way." John's Gospel 4:50. "Relating the story of the Nobleman's son, and bringing the one and only true way for the transgressor of the way of the Lord, go in faith believing. The evening worship was the third step in the series Building for Life. Play. The old adage, all work and no play is very true, one must have play in order to have a well-balanced life. The essential thing is that play be the right kind, that which will bring good to all.

The Westminster Guild will meet tonight at 7:30 in the church to sew for the Christmas bazaar. Every member is urged to be present.

Tuesday evening the monthly meeting of the King's Daughters at the home of Mrs. Howard, 410 Locust street.

LOST HIS FORD COUPE

Some of these local crooks of ours appear to have no sense of the eternal fitness of things whatever and pounce upon a fellow's property and make away with it when he least expects it. That was the case with our friend Alex Hind last evening. Alex's wife induced him to attend church and the trip was made from their home at the far end of South Second street to the Presbyterian church in Alex's Ford coupe. When the service ended and the worshipper returned to where he had left the family's faithful but uncertain steed, the Henry was gone.

The wealth of charity in Alex's heart as a reflection from his devotion served to get the braw Scottish lad by without any explosions verbal or mental, but we shudder at the consequences today if that Ford isn't located because Alex does hate to hoof it.

BURGLARS AT WORK

Burglars gained entrance to the G. W. Schreffler Mills Friday night last and got away with merchandise valued at a couple hundred of dollars. They also entered Myers pool room in the Red Men's building, securing \$7.00 in money and a lot of cigars. It is thought they were the same gang that visited Boardman Sunday night.

Pittsburgh, Oct. 6.—Quietly surrounding the premises, a corps of state police from the Butler barracks early yesterday descended on the Eagles' Club Carrick, arrested five men and reported confiscating beer, wine and whiskey.

The names of those arrested by the troopers commanded by Sgt. Thos. F. Martin, were not known at the barracks last night because the raiding party merely telephoned headquarters to announce the raid. Sgt. Martin, who had not returned to Butler last night, is believed to be on another expedition.

The raid, it was said netted more than 14 barrels of beer, a quart of wine. The evidence will be taken to

Pitchers: Dineen, American, at first base; Quigley, National, first base; Quigley, American, at second; Klem, National, at third base.

Polo Grounds, New York, Oct. 6.—In a ventral parade of pitchers the Giants contrived to edge under the Senators in the third game of the series this afternoon, a belated Washington rally in the ninth inning being nipped by John Watson's rescue pitching. Sparkling play by Fisch saved the Giants on several occasions, the Giant second man three robbing Goslin of base.

It was New York's first presentation of the series of 1924 and a capacity crowd of nearly 50,000 viewed proceedings with satisfaction to relate they cheered for clubs with impartial fervor. Victory gave the Giants the series by two games to one.

Landrum raced far into center field to catch the fly with Rice on first in the fourth then he repeated the performance at Goslin's expense.

Young later Frisch went over to first base for Goslin's smash home run.

The Giants used four pitchers in the game. Ryan did the most while relieving McNeely in the fourth but blew wild in the ninth. Harris got a hit in the ninth on a fly ball that Jackson and Wilson allowed to fall at their feet. Goslin and Frisch followed with hits, filling the Whorlton McGraw waved the picture in favor of the latter walked. Bluege in a run and then walked to home at McGraw's suggestion.

Then came on and retired a foul to Lindstrom and Ruel to force Goslin at third in the first out.

HOW IT HAPPENED
FIRST INNING: Senators. Liebold first out to Terry. Harris up and a great ovation. Fied to Young. Bluege got a walk. Goslin out to Terry. No runs, no hits, no errors.

SECOND INNING: Senators. Judge singled to center. Bluege forced Judge at second. Peck out, Lindstrom to Terry. Peck out, Lindstrom to Terry. No runs, one hit, no errors.

THIRD INNING: Senators. Ruel up and gets a walk. Marberry forced Ruel at second. McQuillen to Frisch. Frisch flied to Wilson. Harris fouled to Terry who made a pretty catch near the right field boxes. No runs, no hits, no errors.

GIANTS. Kelly up. Miller now playing third for Senators. Bluege takes shortstop post, Peck having developed a "Charley Horse." Kelly singled to center. Terry singled to right, sending Kelly to third. Wilson forced Terry at second. Marberry to Harris. Judge. Kelly scored on the play.

GIANTS TODAY FACE HOME FOLKS AND IT IS A TICKLISH JOB

Many New York Fans
Not a Little Sore at the
Whole Team Because
of the Bribe Incident.

SE'TIMENT DIVIDED

By DAVIS J. WALSH
(I. N. S. Sports Editor.)

New York, Oct. 6.—Unseen hands having moved the scenes overnight, the world's series unravelogue awoke today to find itself at the Polo Grounds N' York for the third meeting between the Giants and Senators.

It was to be the game that would give one club or the other the edge in victories, their status now being one all and McQuillen and Marberry, gifted right handers, were logical choices to pitch.

Preparations to handle a crowd slightly in excess of 50,000 have been completed by Mr. McGraw's hired hands. Not only was the game of great consequence but the weather was the kind that prompts long-haired gentlemen to seek expression in the pensive muse.

It featured, among other things, the proposition of the Giants facing the home town folks for the first time since the unsavory Dolan-O'Connell scandal was aired on the eve of the series. Fisch, Kelly and Young, local favorites accused of attempted bribery by O'Connell and absolved of a complicity by Judge Landis, were to appear in the Giant lineup, and sentiment was somewhat divided as to how they would be received.

The prevailing idea, however, was that the heat of the series had caused the fans to forget the scandal. It was so, at any rate, during the first and second games at Washington, the first of which went to the Giants and the second to the Senators. At no time during the course of those proceedings were the Giants heckled or disturbed, your Washington fan being a sportsman first and loyal rooter afterward.

And today it was New York's turn to show the players that confidence in the game's integrity was not lacking. A line outside the gates this morning gave promise of the testimonial New York planned for its accused players.

It was by no means as large as the crowd that awaited the premier of the series in Washington. A few hundred citizens outlived the night in the dank, chilled sector in the lee of Coogan's Bluff, waiting for the opening of the gates to the general admission seats.

This modest outpouring was not the result of the fact that the Senators have outplayed the Giants in the first two games. It was simply the effect of an overdose of World series baseball in New York. The crowd will be there but it will arrive at its convenience.

The fact that Marberry will pitch may mean another shift in the Giant lineup for today's game. When time is called, the adaptable Kelly probably will be back in center field with Terry on first base, Wilson in left field and Meusel on the bench. That is McGraw's customary rejoinder to right hand pitching on the part of the opposition. The Senators will (Continued On Page Four.)

Travelling In Royal Style 'Bob' La Follette Wages Campaign In New York State Today

WRONG AGAIN

Rochester, N. Y., Oct. 6.—Senator Robert M. La Follette, Independent Presidential candidate opened his transcontinental speaking campaign here today with the flat prediction that he would be elected to the White House.

By KENNETH CLARK
(I. N. S. Staff Correspondent.)

Aboard LaFollette Special enroute to Rochester, Oct. 6.—Into politically battle-scarred New York state, Senator Robert M. LaFollette today carried his independent fight for the presidency.

Transcending all others, LaFollette, in opening his transcontinental speaking tour, declared that "the great issue before the American people is the control of government and industry by private monopoly." To break "the tyrannical power of the monopoly system over government" LaFollette pledged his campaign.

It was this message, that "equality of opportunity proclaimed by the Declaration of Independence has been displaced by special privilege for the few," that LaFollette announced he would carry to the people everywhere, from coast to coast, in his month's speaking campaign.

LaFollette's trip through New York today was a hurried one. After a set speech in Rochester tonight his itinerary called for him to depart immediately for Scranton, in the heart of the Pennsylvania coal fields. LaFollette, however, was expected to deliver numerous rear platform talks throughout the journey.

Only eight major speeches thus far have been arranged on LaFollette's tour to the west coast. His managers have not yet been able to agree upon the routing after LaFollette reaches St. Louis on October 14.

LaFollette and his party traveled in two special cars. In the official party were the Senator's two sons, Robert Jr. and Phillip, and Basil Manly, of the Washington Progressive headquarters.

MATERIALISM IS NOT DOMINANT MOTIVE SAYS COOLIDGE

Opening Annual Meeting of Red Cross, Pres. Points to Humanitarian Work of People.

SOME FINE AXIOMS

By GEORGE E. DURNO
(I. N. S. Staff Correspondent)

Washington, Oct. 6.—President Coolidge, formally opened the annual meeting of the American Red Cross here today, paid glowing tribute to that great institution of mercy, declaring its existence to be living proof that "materialism is not the dominant motive of the people of the United States." He, praised the world wide humanitarian work of the Red Cross, and urged the development of civilization along the same unselfish lines.

"The Red Cross idea will develop as mankind develops" the President said. "The ideals underlying civilization are the ideals of brotherly love, of tolerance, of kindness, of charity. Any departure from these is a reversion to a lower nature, to barbarism and darkness. The beauty of life lies in meeting whatever destiny awaits us, trusting one another, helping one another."

GERMAN AND U. S. AIRSHIP MEN EAT IN CELEBRATION OF ZR-3 COMPLETION

Friedrichshafen, Germany, Oct. 6. (INS.)—The greatest airship flight in history will begin Thursday when the giant Zeppelin ZR-3 will start for Lakehurst, N. J., where she will be turned over to the United States Navy. The ZR-3 will be handled by a German crew but will carry a few American officers.

By S. D. WEYER
(I. N. S. Staff Correspondent)

(Copyright, 1924, International News Service.) Friedrichshafen, Germany, Oct. 6.—The last shred of doubt as to the Zeppelin ZR-3 departing for the United States next week was dispelled by speeches made last night at a dinner party given by the Zeppelin company at Kurgarten hotel in honor of the visiting American naval officers. Seventeen guests were present, including a correspondent of International News Service.

This was the first "love feast" of the Germans who constructed the giant of the skies for the Americans and it was put off until both sides were absolutely sure the ZR-3 was in condition to begin her four thousand mile voyage.

"The airship is ready at last—ready to depart for the United States," said Dr. Hugo Eckener, who will command the "queen of the air" until she lands at Lakehurst.

This statement was greeted with cheers from the Americans who, at last, see a long task ended. Commander Garland Fulton, speaking in behalf of the United States navy, said:

"We are leaving for the United States this coming week."

"I am convinced that the ZR-3 will prove the forerunner of a huge fleet of commercial airships," forecast Captain George W. Steele, U. S. N.

Major F. M. Kennedy, representing the United States army, did not speak, but privately expressed confidence that the trans-Atlantic voyage of the ZR-3 would be safe and successful.

Dr. Eckener described the difficulties first encountered, including the difference in language between the German builders and the American officers who were sent here to observe the work.

"However, it was a good thing we could not understand each other for in this way many a muttered swear word and sigh went unnoticed," declared Dr. Eckener amidst hearty laughter from his listeners.

Dr. Eckener spoke in a humorous vein. Touching upon the delays, he said:

"At one time it looked as though members of the American colony in Friedrichshafen who had come over newly weds might return to the United States as grandfathers."

Dr. Eckener was alluding to the fact that several American babies were born while the fathers were waiting completion of the dirigible.

Dr. Eckener eloquently praised the tact and courtesy of the American officers which enabled cordial efficacious cooperation. He proposed a toast to the Americans which was drunk.

Commander Fulton returned the compliment, praising the German experts whose long experience, he said, would be valuable in building up the American airship industry in the future.

BOARDMAN POSTOFFICE SAFE BLOWN BY YEGGS AT AN EARLY HOUR TODAY; ROBBERS GOT NEARLY \$400 IN LOOT

The post office at Boardman was about 10 o'clock to extinguish them robbed Sunday night, a party of automobile bandits descending upon the little mining town in the evening and causing about until the good people had retired, forced an entrance to the post office and blew open the safe with nitroglycerine. They secured, according to Postmaster Whitney, about \$400 in money, checks, money orders and stamps and departed as quietly as they had come.

It is thought that one of the robbers at least was familiar with the place and knew all about the location of the post office. This view is held by Rev. Leith, pastor of the Boardman Presbyterian Church, who saw and talked with the robbers. The lights in the church had been left burning following last night's service and Rev. Leith started from his home

When he neared the main road at the corner below his residence a touring car which was slowly approaching on the main highway stopped and the driver, who simulated intoxication, inquired if "Lennox" lived in Boardman. Being informed they did, the man pursued other inquiries regarding the family, which showed he was acquainted, and his following question regarding the different roads convinced Rev. Leith the fellow was familiar with that section.

The robbery occurred, it is thought, about midnight as Mrs. Leith and several other residents living handy the post office, claim they heard a muffled explosion about that hour, but nothing of it and the robbery was not discovered until Postmaster Whitney got around this morning.

"THE JOLLY JESTER" FROM HEALTHLAND COMING THIS WAY

Ride-a-cock Horse
To Health and Joy;
Follow me, Every
Girl and Boy!

This advice is given to the boys and girls of this county by the Jolly Jester, a health clown, who will appear in Clearfield, at the Driggs Theatre on Saturday, Oct. 11th, morning performance at 10:30, afternoon at 3:00.

The Jolly Jester is a magic figure, dressed in a strange costume, who teaches health to children—delightfully, unforgettably. He comes riding his hobby horse straight from Healthland into your very school. The children treasure his coming in their memory of memories. It is a gala day.

The Jolly Jester makes things live and talk. His hobby horse discusses the value of oatmeal. Minnie Spinach and Charlie Carrot, two amusingly devised dolls, talk on the use of vegetables. From the fields comes the call of the cows inviting the children to drink milk. A cackling hen urges children to eat eggs. Coffee and Tea force their entrance but are banished successfully. Harry, a precocious ventriloquist doll, appears, dressed exactly like the Jolly Jester himself, in immaculate white. Harry reviews the entire health talk with inimitable wit.

The children of the schools will remember always this 45 minute entertainment; its gay songs, its miracle fiddle, its talking fruits and vegetables and animals. But, most of all, they will remember vividly the health habits taught by the Jolly Jester.

Yes, and he is going to be at a lot of other places too. Look at the following schedule and see when he is in your town.

C. H. S. IN PREMIER LEAGUE SCRIMMAGE MANHANDLES PUNXY

Wilson's Speed, Donald Thurston's Beef and Barnie's Agility Are Greek to Groundhogs.

A STIRRING FINISH

Coming from behind in the final period Clearfield High's grid machine by a great spurt defeated Punxy High 26 to 14 here Saturday.

For the first two periods Punxy was too good for the House of Reed boys but in the two final frames the locals stepped on the gas and grabbed the honors. The visitors played great football in the first two periods, took advantage of all Clearfield's misplays and put them together for their own benefit. But as the game continued the visitors' playing slowly declined until it hit bottom with a thud. About three Clearfield players were in every play but the team did not seem to awaken until the time Punxy had scored enough points to win a game.

The game was very loose through and at all times erratic playing was seen. Fumbling was as frequent as good tackling, while poor playing was often seen, especially with the Wilson team, tackles were easily missed and what were made lacked "stoppingness" as the enemy backs would be hit just enough to stop them a second or two unless Thurston or Barnie hit them. In the third and fourth quarters the local team redeemed itself to a certain extent and good playing was the result.

Don Thurston, Clearfield High's 6 foot 2 inch 230 pound tackle did the damage to the defeated eleven. Don was in every play he could get in and he tried to get in all which he nearly did, although the visiting backs were away below his husband. The big fellow did the kick-off act for Clearfield in finest style, his kicks traveling 60, 60, 50, 50, for yardage. The visitor's low and short passes were meat for him too as he broke up several, one of which had six points labeled on it. The right side of the line, Dale, Thurston and Johnson, was as tough as an election cigar to the Punxy backs and they showed it their respect by staying away. While Thurston held their goats Capt. "Bob" Wilson slipped the skids under Punxy and fixed their clocks by smashing his way for three touchdowns. On three trips to the plate Wilson ran thru the enemy secondary defense in (Continued On Page Five.)

ODDS AND ENDS AND THINGS

By J. D. C.

That Clearfield county is a healthy place in which to live is the opinion of Reuben Straw of Jordan township. Mr. Straw, who was an interested spectator at criminal court last week while the guest of his son, H. H. Straw, Mr. Straw said he was a juror in the Clearfield county court in 1864 or just sixty years ago. Judge Mayer was on the bench and of the attorneys practicing law here then, not a single one remains in the land of the living. Mr. Straw is four score and two years old.

Game Keeper Rearick was in town Saturday and told a good story on a couple of local men (connected with the Clearfield schools) who hunt deer, small game and two pairs, occasionally out at the well-nigh bloodless Gordon Camp. Rearick says that last year these mighty hunters were engaged in hunting deer. Finally a deer jumped up in front of them and both fired. The deer ran a few hundred feet and toppled over. When the hunters got up to their fallen quarry, with the long-legged fellow ahead, a little three inch spike was protruding from the side of the head exposed to the hunters.

The first fellow up is said to have remarked: "Well, G—, you hit him alright, but that spike is too short." A glance showed G— that the other fellow was right so far as the spike was concerned, and he immediately sought an alibi with the statement: "Nope, A—, not me; I shot at him from the other side."

Then forming an offensive and defensive alliance the guilty hunters only but quickly faded from the scene.

Some ten days later the Game Keeper approached the spot, followed the tracks of the hunters up to within ten feet of their kill, turned the buck's head over and found "two points" (making the buck a legal deer) on the horn which was buried in the snow when the hunters approached, and then left their deer where it had fallen. Verily, "the guilty flee when no man pursueth." Rearick saved the end of the "faked prong" and took it with him as a relic and told us the story confidently on Saturday when we saw the horn and asked him where he got it.

TRINITY CHURCH ITEMS

Yesterday brought out a goodly attendance at the church school; 462 reported, and the missionary offering came to \$103.42. Both records indicated solid increases. The missionary program interpreted the religious spirit of the Negro by his spiritual songs. About them Mrs. Henry Rhine made selections were sung by Mrs. Samuel Keith Davis. Mr. Davis rendered a recent "spiritual" with his violin. Unusual interest was given the lesson, "Christ's Selection of the Twelve."

The congregation of the morning worship, with many strangers, had a feast of good things in music, the organ and choir presenting their respective parts in soulful fashion, which was a definite spiritual contribution to the worship. The core of the exposition of Colossians 1:15-19 was on this—"That in all He might have the preeminence." This was treated far from the customary interpretation. The primacy of Jesus was examined in what it was so far as what was inherent in Him and what He acquired. Then the preacher sought to have that primacy recognized and obeyed by intercession, by the factors of personality and the use of emotions. The altar was beautifully decorated with flowers, the red and white basket-piece was memorial to Russel Flegal, who "fell" in France six years ago on October 6th.

At night the second exposition of the series that present the offices of Jesus—His Priesthood, from Hebrews 2:17—"A merciful and faithful high priest in all things pertaining to God, to make reconciliation for the sins of the people."

These meetings were entirely open sessions.

At 6:15 tonight the luncheon will be held at Jordan's, who is to furnish one of his special dinners. This is for all who care to enjoy a goodly evening, but the special group of folks will be Sunday school officers and workers from all over this group territory. The after dinner speeches will be devoted to intensive teaching and managing schools for the 100 per cent standard, and the need of standard training schools for teachers and leaders, one of which will be held in Trinity Church 26th-31st, night sessions.

At 7:45 a mass meeting follows in Trinity, one feature to be a pageant, and then an address by Rev. E. C. Keboch, conference director of religious education. Rev. M. S. Q. Mellott will stress the young people's work.

To these meetings the public is invited.

Dr. and Mrs. Ward O. Wilson left yesterday for Reading and Philadelphia, to attend the Pennsylvania State Medical Meeting, which convenes in Reading all of this week.

A newspaper, telling of the events of the day and filled with advertisements, may be a source of interesting information—or just a piece of paper in which to wrap a bundle.

How are you using the Classified Section of the Clearfield Progress—as a practical, profitable thrift bulletin, or as just another part of the paper to be thrown aside?

Remember that you're throwing money away every time you throw away the Classified Section!

Opportunities to save don't come to most people often enough to be neglected. And you can't afford to miss the practical economy helps of every sort that appear in the Classified columns every day.

MATERIALISM NOT DOMINANT MOTIVE

(Continued from Page One.)

Brotherly love, Mr. Coolidge uttered what might be taken as an admonition to war torn Europe in its present period of chaos and mistrust.

"One of the great needs confronting civilization is just this kind of practical idealism, sensitive to duty, alert and ready to make the sacrifice necessary to relieve suffering and pave the way to a return of normal and happier things," he said, adding that America had manifested its unselfish sympathy during the Japanese earthquake when an appeal for \$5,000,000 for aid brought in over \$11,000,000.

The President touched upon the great need of universal peace, and ventured the opinion that, with the fear of further war effectively banished, a "very great part" of the need for such organizations as the Red Cross would vanish.

"It is hard to avoid the temptation to speculate on the possible services of our humane and charitable agencies if they did not have to bear any of the burdens that are imposed by war," he said. "In a truly civilized world where the costs of armament of pensions, of fortifications, were not required to be borne; where neither the spiritual nor the physical suffering which war involves were inflicted; where resources could be used to promote not to destroy happiness—in such a world what mighty works could be accomplished under the leadership of the Red Cross spirit; poverty, ignorance, prejudice and all uncharitableness might be completely relieved and remedied."

In the course of his remarks, President Coolidge furnished the Red Cross with a number of axioms that could well be used in future drives for membership or contributions. These included such statements as:

"It is about the only organization I have known that does any good by 'looking for trouble'."

"The spirit of sacrifice can never be demobilized."

"We keep only what we give."

"The Red Cross does not try to prevent earthquakes, or to convince active volcanoes of the error of their ways—but it has a definite, comprehensive and intensely practical program of helping those who need help, when they need it, and where they need it."

"We keep only what we give."

Why It Will Pay You To Trade In Clearfield

Holmes Transfer and Storage

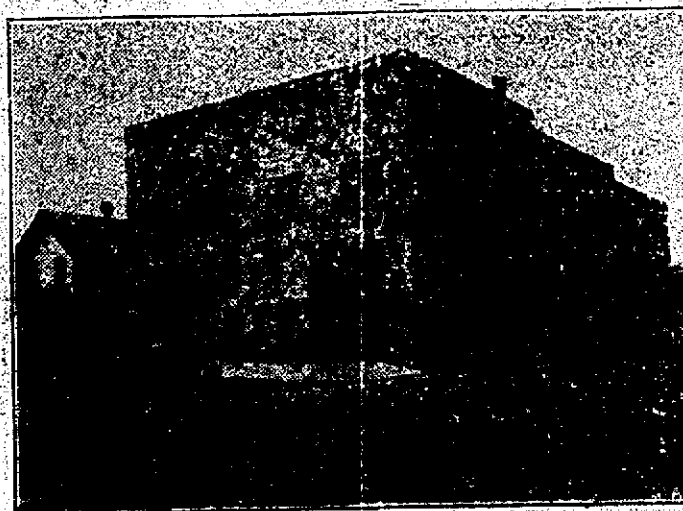

The Holmes Transfer & Storage is a continuation of the draying business organized by W. Banks Holmes more than 40 years ago and conducted by him until 1915 when his son Wm. B. Holmes, Jr., acquired all the business excepting the baggage transfer, which branch Banks is actively engaged in yet today.

Under the present management the Holmeses were the first to introduce the twenty-foot stake wagon for the moving of household goods and in 1915 motorized their equipment by the purchase of the first and largest motor truck in this and many of the surrounding counties used exclusively for the moving of household goods and merchandise both locally and long distance. Always being progressive and up-to-date, the Holmes Transfer & Storage were the first to provide piano vans, furniture pads and in fact all the latest equipment for the safe handling of your furniture, and in addition we believe the only like company in this section that insures every load hauled while in transit.

In 1923 the Holmes Transfer & Storage built a new storage warehouse for the storing of furniture and merchandise at the corner of Merrill and William Streets, the building being constructed of brick and steel measuring 50 by 100 feet, two stories high, which is the equal of most storage warehouses in the larger cities.

Our fleet of G. M. C. motor trucks are equipped with large bodies 14 feet long and 6 feet wide.

The public is invited to inspect our new building and equipment, **FREE**.

Why It Will Pay You to Trade In Clearfield

Every dollar you send out of Clearfield is robbing our city of a part of its resources. Every dollar you exchange here thru business channels adds to our city's wealth. Which are you doing—Building or Robbing?

We want a live town so now let's all get together and make Clearfield a Liveone. We all realize the consequences of poor business, stagnation in commercial affairs, depreciation of real estate values, low wages, etc.

What we want is plenty of business, money in circulation, a live interest in the building of houses, the sale of lots and acre property, a genuine, healthy condition of business in general in Clearfield.

HOW SHALL WE ACCOMPLISH THIS?

The easiest thing in the world—all we have to do is to keep our money in circulation right here among our own people. By doing this we will create our own prosperous conditions.

The Clearfield merchants, to a very large extent, make this a good town. The taxes paid by our business men are the principal support of our schools and churches. It is the taxes paid by Clearfield merchants that pay for the local improvements, for the street lighting, for fire protection and for all other community privileges and protection. So it behooves us in turn to patronize our Clearfield merchants. That is logical. The interests of local storekeepers,

Beginning To-day Congoleum Week

October 6 to 11 only

A Six-Day Sale of America's Most Popular Floor-Covering

For the first time in two years, genuine nationally-advertised *Gold-Seal* Congoleum Rugs, By-the-Yard and Rug-Border are now offered at special bargain prices. Unlike sales that feature cut prices on left-overs at the end of the season, Congoleum Week gives every woman the opportunity to beautify her floors at the lowest possible cost just at the time when she is putting her home in order for the winter.

Instead of putting down the same old rugs and carpets after everything else has been cleaned and looks like new, a few dollars spent now for *Gold-Seal* Congoleum Rugs will do wonders in brightening up the home.

One of the greatest charms of *Gold-Seal* Congoleum Rugs—the warmth and artistry of their color schemes—cannot be appreciated from this advertisement. You must see them to realize how beautiful your floors can be made at such small cost.

Beautiful—Durable—Easily Cleaned

A delightful note of brightness and color is introduced into the home by Congoleum Rugs. Beautiful to begin with, the unusually durable surface resists the hardest wear.

These popular rugs banish the tiresome beating and sweeping necessary with old-fashioned, woven floor-coverings. One minute with a damp mop and the rich, artistic patterns of Congoleum Rugs are revealed in their full beauty—cleaned as easily as highly glazed tiles.

Designs for Every Room

There are appropriate Congoleum patterns for every room, for every manner of taste, for every color scheme. There are warm-toned designs to enrich the appearance of dining and living-rooms; exquisite floral patterns to give fresh beauty to bedrooms and neat conventional reproductions for kitchen, pantry and bathroom.

Waterproof and Stain-Proof

Gold-Seal Congoleum Rugs are made in one strong, seamless piece. They are absolutely unaffected by water. They will not fray along the edges. Spilled liquids cannot stain and dirt cannot penetrate their smooth, sanitary surface.

No Fastening Required

Gold-Seal Congoleum Rugs lie absolutely flat without fastening. They won't wrinkle or kick up; they never curl at the edges.

Genuine, Guaranteed Goods

All the *Gold-Seal* Congoleum offered in this sale is fresh, new goods. All of it carries the famous Gold Seal pledge of "Satisfaction Guaranteed or Your Money Back." For your own protection, remember there is only one "Congoleum" and it is identified by the Gold Seal pasted on the face of every pattern.

Gold-Seal Congoleum By-the-Yard

The same material as Congoleum Rugs, and made in tasteful unbordered designs for use over the entire floor.

Gold-Seal Congoleum Rug-Border

If it is desired to cover the floor space between a large centre rug and the walls, there is Congoleum Rug-Border in realistic reproductions of hardwood flooring.

Don't Miss This Opportunity

Wherever you may live—you will find a Congoleum dealer near you. He will be glad to show you the many beautiful patterns. Don't delay. Reduced prices are in effect this week only.

Curwensville's Own Column

Today at 10:30 o'clock, William Norris of Pike township and Miss Ohio Irwin of Chestnut Ridge were quietly united in matrimony at the Methodist parsonage by Rev. Dr. J. V. Adams, pastor of that church. Immediately after the ceremony the newly weds went to the home of the bride's parents, Mr. and Mrs. James Irwin at the farm home where a sumptuous wedding dinner was partaken of, after which the bride and groom departed, for a week's auto tour in the eastern part of the state. On the return home the young couple will go to housekeeping in the Benet home, Nantua, where they will be pleased to welcome their host of young friends.

Mr. and Mrs. Howard Hopwood, former residents of Curwensville, now at Howard, were visitors over the Sabbath in the home of Mr. and Mrs. J. M. McKinley, State street. Mr. Hopwood is a brother of Mrs. McKin-

ley, and during his residence here was connected with the Crescent refractory brick plant. Their many old Curwensville friends were, as usual glad to see them again.

Harry Shaffer, employed as a chef at Joe Langan's Corning, N. Y. hotel, spent several days with his parents, Mr. and Mrs. Ira Shaffer, East George street. Mr. Shaffer's 17th grandchild, also a member of that household for several days.

Vic Grande, who has been working at Akron, Ohio, for several months past, is home for a short visit with his folks.

The Curwensville High School football team was defeated Saturday afternoon on the home field by Phillipsburg High, 12 to 3. Next Saturday Mahaffey boys come here, and C. H. S. expects to make a better showing on the field than was displayed in Saturday's game.

Miss May Mallon, who has been spending some time in this vicinity with relatives, returned to Washington, D. C., last Saturday.

Bethesda Lodge I. O. O. F. elected the following officers for the ensuing

term: N. G. Allen, president; V. C. Wm. Moore, secretary; H. S. Brown, treasurer, John A. Dale, trustee, A. G. Woodward. The installation services will be held next Friday evening in the lodge room.

Mrs. Maude Fride and Carl Olson both of this place, were united in marriage on Wednesday, Oct. 1st, the ceremony being performed in Hollidaysburg. They will reside in Curwensville.

Mrs. John Watts, living on the S. C. Watts farm near town, is reported as being rather seriously ill at the present time.

Miss Lucy Spencer, who was injured by an auto some weeks ago, is not recovering as rapidly as her friends would wish. She has suffered a relapse and was brought to the home of her sister, Mrs. Frank Wise, from the Rowles hospital a few days ago.

Miss Jennie Viberg has returned from a business trip to Philadelphia.

PRESBYTERIAN CHURCH NOTES

The morning message at the Presbyterian church yesterday was on the theme, "And He Went His Way." The morning service was held at 10:30 a.m. in the church building. The evening service was held at 7:30 p.m. in the church building. The service was held in the church building.

The Westminster Guild will meet tonight at 7:30 in the church to sew for the Christmas bazaar. Every member is urged to be present. Tuesday evening the monthly meeting of the King's Daughters at the home of Mrs. Howard, 410 Locust street.

Wednesday evening the mid week prayer service at the usual hour, a blessed service in the middle of the week. Thursday evening the prayer service at the Reedsville chapel at 7:30.

LOST HIS FORD COUPE

Some of these local crooks of ours appear to have no sense of the eternal fitness of things whatever and pounce upon a fellow's property and make away with it when he least expects it. That was the case with our friend Alex Hind last evening. Alex's wife induced him to attend church and the trip was made from their home at the far end of South Second street to the Presbyterian church in Alex's Ford coupe. When the service ended and the worshipper returned to where he had left the family's faithful but uncertain steed, the Henry was gone.

The wealth of charity in Alex's heart as a reflection from his devotion served to get the braw Scottish lad by without any explosions verbal or mental, but we shudder at the consequences today if that Ford isn't located because Alex does hate to hoof it.

And we have the entire line. All silk, of course. Some have little tops.

The sheerness of the silk will make a beautiful finish to your new Fall ensemble. The new Fall colors are being shown.

BURGLARS AT WORK

Burglars gained entrance to the G. W. Schreffler Mills Friday night last and got away with merchandise valued at a couple hundred of dollars. They also entered Myers pool room in the Red Men's building, securing \$7.00 in money and a lot of cigars. It is thought they were the same gang that visited Boardman Sunday night.

The names of those arrested by the troopers commanded by Sgt. Thos. F. Martin, were not known at the barracks last night because the raiding party merely telephoned headquarters to announce the raid. Sgt. Martin, who had not returned to Butler last night, is believed to be on another expedition.

The raid, it was said netted more than 14 barrels of beer, a quart of wine. The evidence will be taken to
